**10 - 12. soruların cevaplarını verilen parçaya göre işaretleyiniz.**

Friendship is a faithful and loyal relationship between two or more people living anywhere in the world. We cannot live our whole life alone and we need a faithful relationship to someone that we call friends in order to live happily. Friends have intimate relationship and can trust to each other forever. It is not limited to the age, gender and position of the person, that is to say, friendship can be between men and women, men and men, women and women or human to animals of any age group. However, generally it grows between the persons of the same age without the limitation of gender and position. Friendship can develop between people having similar or different passions, emotions or sentiments.
